The C A R C meets the third Wednesday of the month at 7:30 PM.

NEXT MEETING IS JULY 17th at the EMERGENCY PREPAREDNESS CENTER.

\*\*\*\*\*

## FIELD DAY '91 - DISASTER OR DISASTER DRILL?

It has taken something such as the dichotomy that was known as Field Day to energize the ol Fez's word processor. There was good news and bad news. To those who came out and did the set up, operating, tear down and enjoyed the pig roast and the other goodies along with the comraderie that goes with (for some) a once a year eyeball, the event was GOOD NEWS. I'll leave the editorialized bad news until later.

Nearly 20 volunteers assisted in setting up the Phone, CW and Packet stations which of course included the top big events, assembling and raising both the CW tower and beam and the old faithful Phone stations WW II Signal Corps pole with its forest of guy wires and half-wave sloping antennas. Work was complete on the CW station by 1:30 PM and Art W8FEC was ready for action. The set up of the Phone station and especially the "ol pole", had its thrilling moments as each set of guy lines were manipulated to take the awesome bow out of the pole as it went in position. Randy K8BJN was set to go about 2:20 PM when it was discovered that there was no power source for the phone station Kenwood. The solution was a gem! Frank W8TUY drove his tractor into the phone tent and the Kenwood was attached to the tractor battery. Now

that is really FIELD DAY !!!!!

Faces seen in the crowd that I can recall at set up and tear down are listed here. In addition Dick KC8OU, Bill K8JZN and I reviewed Dick's VCR tape to identify those I did not recognize. If I missed you and I know there are a few that were missed, my apology. Thanks to: Frank W8TUY, Art W8MMG and grandson Justin, Art W8FEC, Chuck N8LIV, Randy K8BJN, Dave W8PTU, Dick KC8OU, Julius K8BXD, Craig N8KNW, Chris K8BLPJ, Jerry N8MYJ, Wes NV8M, Bob N8AHJ, Bob W8BRQX, Bob KF8MR, Sandy K8BFZX, Jerry K8AHF, Steve K8PVX, Nelson W8EAR, Dave W8BAYE, Kay W8LNK, Denny K8NIB, Gary W8ADA and the FEZ.

In the meantime Frank W8TUY and his neighbor Dale Mottice, who is our favorite pig roaster, had the soon to be delicious pig on the spit and slowly cooking to near perfection.

Back at the CW tent, Art W8FEC was sending his first "CQ FD de W8AL" calls with Bob KF8MR logging. Art was "pleasantly surprised" that with no advanced planning, a "surplus" of CW Ops kept things going until 1:30 AM. When Nelson W8EAR arrived at 2:30 AM, he found the CW station dismantled for the night, so he had to wait until morning to get his shot at it. Others who operated were Gary W8ADA, Jack W8MZV, Roger W8AHK, Bob W8BRQX, Al K8DHJ and Jim K8SWE.

Another early arrival at HQ Pavilion was Henry W8OYV, one of the two charter members of CARC to make it to the 50th reunion Field Day. The other was Joe W1FEZ, who was W8VAD back in 1941. Henry brought his Scrap Books and had plenty of attention from members and guests. A lot of story telling evolved from the old timers. Whatever you do Henry, please don't part with them, as I know of no other source for any club history.

Craig N8KNW, reports he had a great deal of enthusiasm for the small and efficient Packet Station he set up. He was aided by Jerry N8MYJ, who brought a 30 watt linear complete with NiCad battery. Eleven contacts were made which of course is a new Club record! That, with HQ message, should give the club a good showing. Results were mailed to Randy K8BJN, so we at least know where one log is. Maybe the demos will get a little more activity going.

No formal report on the tractor powered phone station has been received as yet but Randy and his "CQ Field Day from W 8 American Lover in Ohio" brought many contacts. Some of the Club Members observed taking their turn on phone were Jerry K8AHF and Sandy K8BFZX, Kay W8LNK and Judy N8AIM, our high voltage man Rick W8AYC. There were many more but in my roaming around I couldn't remember them.

Dinner time brought many more members, XYL's, daughters, sons, brothers, sisters and friends out for the main course, the Pig Roast, which I understand lasted until about 2 AM. Daryl and her wonderful crew of helpers also came up with delicious servings of baked beans, cole slaw, raw veggies and desert.

To finish the GOOD NEWS, the Club certainly is grateful to Frank W8TUY and his wife Daryl for their hospitality in allowing us to share their lovely home grounds again this year. Also, THANKS to Daryl and Dan K8OZL for keeping the grill going and keeping the "hungry hams" well fed. THANKS AGAIN DEARMAN'S !!!

Final approximation of attendance was 71 members and guests.

Now for the "BAD NEWS", or should I say "Sad News". Lack of interest by club members was obvious. This became apparent at the May Club meeting, when no one still had accepted the responsibility of coordinating Field Day. Chuck Henley attempted to get a sign up list for operators with no response! I always knew we were "laid back" but this was ridiculous.

To continue, I should have been forewarned of coming events. I talked to the City Editor of the Repository and made arrangements to get an article about Field Day in the paper the Sunday before the event, prepared the article giving background on the meaning of Field Day and an invitation to the public to come out to our 50th Anniversary FD. We also talked about a follow-up article based upon a photographer and reporter coming to Frank's. RESULTS: A reporter's (?) cut down version appeared on the Obituary page of Sunday's Repository. The obits by the way, were buried in the middle of a Classified section of the paper, so few of us even saw it! Not only did they fail to follow up with a photography, but to put the icing on the cake, published a nice large color shot of the Alliance Club Field Day in operation. So much for Community relations.

When the sturdy crew of about 20 arrived to set up, we only had one 12 volt battery, no alternator, no propane for the lamps, no coffee pot or coffee and no back up batteries. Fortunately, I checked in on the repeater and was able to bring Pat's 25 cup coffee pot and a pound of coffee which kept us going through dinner Saturday. After the tear down by 12 members, the equipment and the operating logs (I hope) were left for Frank to figure a way to get them back to the E.O.C.

By now you probably hope it will be 50 more years before the FEZ does a Field Day article.

73's THE FEZ

#### FIRST FIELD DAY IMPRESSIONS

It was a cold and chilly Saturday night, but having been promised a pigs tail, I would have sloshed thru snow knee deep to get it. Forewarned by Frank to be there by six o'clock, I drove onto the farm about 5:40 PM and my nose quickly caught the delightful aroma of roasted pig. Already hungry with anticipation, I followed the smoke, which was filled with wonderful smells, to the pavilion. It broke my heart to learn someone had cut off the tail and pitched it. Not to be starved any longer, I grabbed a plate, bun and fork, then headed to the spit where final rites were being given the remainder of the hog.

That sandwich was so good and went so fast, that I think I might have inhaled it. It tasted so delicious it was easy to convince myself I needed another and I added potato chips, slaw and a few pickles to my plate. Someone asked, "Do you want ketchup, mustard or onion to put on that sandwich?" I replied, "No thanks, when it's this good, you don't ruin it!" After a cup of coffee, I decided to get some exercise to kinda settle the pig in my belly and to see what was going on in the tents.

My first trip thru the tents found everybody busy barkin' into a mike or pounding a key. Since this was my first Field Day, I watched and learned. For lack of chairs, my bad leg started to bother me so I walked back to the pavilion, got more coffee and sat down. It wasn't long before I was engaged into one rag-chew after another. I soon learned the engineer on the spit was Frank's son and I got in trouble by asking, "If the girl cleaning up the area and tables was Frank's daughter?" That brought out a proud, loud, "That's my wife!" from Frank. We proceeded to talk about Frank's neighbors we both knew, Harry to the east and John across the road.

When it get's dark on the farm, it's dark. As I headed for the tents again. I almost ran into a couple trees like a drunken sailor. I was glad it was dark so no one seen me. As I neared the tent, I met Rick WDBAYC, who had just left the CW tent. We found the Magel family in the tent operating on 40, with Dad WA3GOG on the box huntin' for a contact, Mom KA9KWL on the dupe sheet and Jennifer KB8KPH landing the contact with the mike. They were glad to see us, because it was very late and they wanted to be relieved. They convinced us. I took over on the dupe sheet and Rick handled the mechanics.

Things began to slow down on 40 and Rick suggested we jump on 80. It was OK with me, so we switched frequency. I got out the other dupe sheet and things began poppin'. For the next hour, we were averaging a contact every 40 - 50 seconds. Then we began getting repeats and less contacts. About that time Art W8FEC, who had been running the CW rig, came in our tent. He looked awfully tired. He said, "I'm all alone and I think I'll shut down. It's getting late." We asked him if there were people at the pavilion to take over and he went to see.

He was back shortly and told us, "There's no one there but Frank." He said shut it down and he and his son would take care of it. We had begun to get weary too, so Rick shut down the rig we were using. He and Art went to the other tent to secure the other station, then left for home. I went to find Frank and his son to offer my assistance to secure the equipment. They assured me it would be alright because one of them was going to sleep in each tent with a shotgun. I thanked them, bid them goodnight and as my car hit the hard road, my first Field Day ended.

#### JUNE CARC MEETING MINUTES

The June 19, 1991 regular meeting of the Canton Amateur Radio Club was called to order by President Myron Koyle N8DHT, at 7:32 PM at the Emergency Preparedness Center. A round of introductions followed with 49 members and 10 guests in attendance.

TREASURER'S REPORT- Larry Schmader K8RMY, reported \$6915.00 in the club treasury. Larry also reported that the Canton Jaycees gave the club a check in the amount of \$150.00 for help with the Gold Rush Walk-A-Thon.

OLD BUSINESS- The club's computer is now back from KenMar. The computer now has a VGA monitor and a new BIOS version that will support a hard drive.

TOWER PROJECT- The tower and hardware have been picked up and the scheduled installation date is July 13, 1991, with a rain date of July 20, 1991.

EMERGENCY COMMUNICATION TRAILER- The Club is still looking for a used trailer. Hopefully, something will be found as the camping season draws to a close.

REPEATER- At the May meeting, the Trustee's appointed a three man committee to explore and purchase a new repeater. The committee has decided on the Icom unit. Frank Dearman WBTUY, has installed a temporary substitute repeater at Aultman Hospital. This repeater is receiving a lot of interference from the two one quarter kilowatt paging transmitters also located at the repeater sight. Frank is working with the transmitter owners to try to reduce the interference.

QCWA CONVENTION- John Edel K8LBZ, reported on the up-coming QCWA Convention. First prize will be a Bird Wattmeter. The keynote speaker will be Roy Neal K6DUE.

HALL OF FAME ACTIVITIES- Dick Stellarini WB8VUN, will be coordinating the Kick-Off Parade, Dan Hutcheson N8JBB, will be in charge of the 10k Run. Bill Parks K8JZN will be Net Control for the Grand Parade. Ham volunteers are still needed for all three events.

FIELD DAY- Frank Dearman WBTUY, has secured a pig to roast. Set up will begin at 10:00 AM. The pig should be ready by 6:00 PM. As always, Field Day is FUN. Come out and enjoy this half of our 50th Anniversary Celebration.

President Myron Koyle N8DHT, presented the club with his resignation from the office of President. Myron cited continuing health problems as the reason for his resignation. In accordance with the By-Laws, the Board of Trustees will appoint a President to complete the current term.

AIR SHOW- Phil Gizzi W5VVK, gave a brief up-date on the Air Show. Phil passed out Admission Passes and Identification Badges to those who will be supplying communications.

50/50- Kent Rothermel KB8LNG, won \$21.50.

The meeting adjourned at 8:42 PM, for donuts, coffee and eyeball QSO's.

Respectfully Submitted By  
Jerry Shrigley K8AHF  
CARC Secretary

GOBA-HAMS TO THE RESCUE!

By Jerry LaRocca KF8EB

So what's a GOBA? (We all know what a HAM is!) G.O.B.A. is the Great Ohio Bicycle Adventure, an annual 350-mile bicycle ride that in this, it's third year, attracted 2570 bicyclists from 35 states and 5

foreign countries. The GOBA route is changed every year, this year's location was just south of Columbus, beginning and ending in the town of Washington Courthouse. The event took place between June 16 and 22.

Amateur Radio was asked to play the key role in providing communications between "SAG" vehicles, repair trucks and two EMS units, which accompanied us throughout the week. The task of coordinating this effort fell upon Bill Sharp W8MGI and Rudy Morris N8FDH, who both did a magnificent job of blending non-hams on business band equipment, local Hams from the areas along the route and BikeMobile Hams (like me!).

Hams were positioned in "SAG" vehicles, Camp Sites, busy intersections and in each of the two EMS units. All radio equipped vehicles displayed a bright yellow sign reading "GOBA RADIO CREW"; Biker-Hams wore "Day-Glo" green helmet covers with the same designation so that we could be easily spotted and hailed by the other riders. Simplex and various repeaters were used and on one day, three repeaters were linked to provide coverage for the entire day's ride.

Fortunately, injuries were kept to a few cases of "road-rash" and bee-sting reactions, but it was obvious to all that Amateur Radio once again played an effective and visible role, in ensuring the safety and enjoyment of this annual adventure.

Jerry KF8EB

#### WECKBURGERS

Al Latta K8DHJ, ran across an ad from a new fast-food outlet in Akron. He didn't remember the address but as you can see by the title, anyone that knew Wilson Weckel WBAL (now our club call in his memory), the name WECK brings back memories.

The ad brags "Possibly the Best Burger in America! 100% Ground Beef, Char-Grilled, topped with lettuce, tomato & onion. The 1/2 lb'er is a meal in it's self."

The menu offers: Weckburgers, Bacon Weckburger, Mushroom Weckburger, Triple Cheese Weckburger, Pizza Weckburger, Mex Weckburger, Western Weckburger and Cajun Weckburger.

If you run across the place, let us know where it is located and we will surely try one out in "WECK'S" memory.

\*\*\*\*\*

#### AIR SHOW 1991

Field Day and the Air Show clashed this year but both survived. Mother Nature dampened the spirits at the Air Show and slowed things at Field Day on Saturday but Sunday turned out beautiful. The visitors at both events enjoyed them selves and had a lot of fun and that is what it is all about.

Amateur Radio provided much appreciated radio communications at the Air Show. With 30 volunteers on hand, four hour shifts permitted every

one to take in both events for a few hours.

Phil Gizzi W5VVK, on the Air Show Committee, asked for the Amateur Volunteers. Joe Horvath W8KDM again furnished his fabulous motorhome to be used as the central command post. Besides Phil and Joe, the participating Hams were Gordy K4FID, Judy N8AIM, Charlie K8BYC (the PA Engineer), Don WD8DEA, Everett N8EIL, Sam KB8FFC, John KB8FFE, Jim WA8GXM, Eric N8HHV, Scott N8JSK, Bill K8JZN, Dave N8KVD, John K8LBZ, Jack N8LCS, Kay W8LNK, Dale KB8LWP, Stan NN8M, Wes NV8M, Jim N8MAA, Bill N8NCX, Mike N8NVW, John KE8NZ, Roy WA8SCH, Julius KD8XD, Tom K8BZ and Rich K8BZQH.

Phil and the Air Show Committee wish to extend their THANKS to all that helped make the show a success.

\*\*\*\*\*

FOR SALE - CUSHCRAFT TRI-BAND BEAM - ROTATOR MINUS CONTROL BOX THAT WAS DESTROYED IN THE FIRE. CONTACT DALE ON 833-8227.

FOR SALE - DUE TO HEALTH WILL SELL ALL HF EQUIPMENT. SIXTY FOOT TOWER, MOSELY CLASSIC 33 TRI-BAND BEAM, KENWOOD TS-830S, SIX FOOT RACK, BC-221 FREQ COUNTER. Call Leo W8KYY on 833-5736.

FOR SALE - COMMODORE C-64 (COMPLETE), MAGNAVOX 13" COLOR MONITOR, 1541 DISK DRIVE, HEAVY DUTY POWER SUPPLY, STAR NX-1000C PRINTER, 1200 BAUD TELEPHONE MODEM, OVER 100 PROGRAMS (LOT OF HAM ONES). CALL JULIUS KD8XD ON 492-3937.

FOR SALE - BOB KF8MR, HAS A TUNABLE 40 AND UP VERTICAL ANTENNA HE IS WILLING TO PART WITH...WORKS WELL, HE CLAIMS TO HAVE WORKED MOST ALL THE STATES AND ENGLAND ON IT...CALL HIM FOR PRICE AND DETAILS ON 499-2955.

FOR SALE - CGA/RGB EPSON COLOR MONITOR, (IBM COMP. OR C128) WITH IBM CGA/HI-RES MONO CARD. AS NEW \$160 OR BEST OFFER. CALL DICK KC8OU ON 494-7657.

\*\*\*\*\*

Les Harper W8CFJ, is back in town for a few months this summer, reported by Bob KF8MR. Although he has sold all his equipment, he still talks a mean game, HI and would appreciate an eye-ball or a land line from anyone that cares to do so. His address is 405 Weber NE, North Canton and the phone is 499-5992. Take the time to make an old timer smile.

\*\*\*\*\*

AN OPEN LETTER FROM TOM BEHRA NW8T

I am sure many of you read the story in the paper about Tom's heart transplant. On behalf of CARC, Art sent him a card. Here is his thank you card;

Art & CARC Gang,

Well thanks for the card, it is really nice to receive. I get

stronger every day, now my body needs to become as strong as my heart. What a miracle, from God. If I hadn't gone through this, I probably never would have said that.

The team at University Hospital of Cleveland is really super and sure made things easier. It starts with my original diagnosis, which took three days to find out what my problem was. Because I had no prior medical problems, they then found out I had cardiomyopathy and arteriosclerosis, heart muscle shot - never to get better and artery blockages some 100%, probably from smoking!!! Luckily enough, I quit cold turkey two years ago, otherwise I may have not made it.

They put me on the donor list June 90 and I had the transplant June 1, 1991. In that year, I kept myself in good shape by never overdoing anything and a bunch of pills to keep my heart running strong enough to keep all organs functioning well. If your lungs start to deteriorate, you may never see that transplant day. I am a very, very lucky person to have survived that year.

THANKS AGAIN, and I have included some info you may find informative.

Your Friend,  
Tom NWBT

\*\*\*\*\*

#### NEEDED - A NEW PRESIDENT FOR CARC

From the June minutes, you read that due to health reasons, our President Myron Koyle NBDHT, has tendered his resignation. That means that a new President needs to be appointed to fill this position for the balance of his term.

If you are interested and willing, or know of some member that is, please let one of the officers know as soon as possible.

Our next Trustee Meeting will be on Monday July 15th. Would like to have a candidate by that meeting night. THANK YOU.

\*\*\*\*\*

#### STARK COUNTY AMATEUR RADIO DIRECTORY UP-DATE

Enclosed with this issue is the latest up-date to the Stark County Amateur Directory. Throw your old up-date away and insert this new one in it's place. It is designed to be folded and inserted in your directory. There are 209 changes and additions in the last year and a half. Also, 86 listings were deleted from the master copy, those that moved, were listed under more than one call due to up-grading, Silent Keys, for a total of 295 changes as of July 1, 1991. You will note four incomplete calls. Their new license had not arrived at printing time. Hope to have the calls in next month's FEEDLINE.
